

2 Days

## 55169A Installing and Deploying Microsoft Dynamics CRM 2015

Installing and Deploying Microsoft Dynamics CRM 2015 is a two-day training course that enhances your skills to install and deploy both Microsoft Dynamics CRM 2015 Client and Microsoft Dynamics CRM 2015 Server for Microsoft Outlook. This training also teaches you to install and configure Email components including the Server Side and Email Router Synchronisation along with which you upgrade from the previous versions and can learn to configure an Internet-Facing Deployment.

### Objectives:

You should be able to meet the following objectives after the completion of this course:

- Deploy a Microsoft Dynamics CRM 2015 solution, including hardware and software requirements.
- Install and configure Email components including the Email Router and Server Side Synchronisation.
- Install and deploy both Microsoft Dynamics CRM 2015 Server and Microsoft Dynamics CRM 2015 Client for Microsoft Outlook
