

2 Days

55197: Microsoft SharePoint Server 2016 For The Site Owner/Power User

Microsoft SharePoint Server 2016 for the Site Owner/Power User (55197A) is a two-day Training class that is designed for information workers or power users who serve as SharePoint Site Owners or Site Collection Administrators.

After completing this course, the individuals understand how to manage the team collaboration, document management and social features of Microsoft SharePoint 2016 sites.

This class compliments the 20339-1 course by providing IT Professionals with the foundation of permissions and site collection management.
