5 Days | # CEH V10 ANSI Training

The Next Big thing in cybersecurity skill development is here: CEHv11 is launched! >

EC-Council sets the standards for cybersecurity again with its new release of CEH V10. This accredited new course provides you with the advanced hacking tools and techniques used by the information security professionals.

Earning the CEH v10 certification in India will enable you to have a hacker mindset and makes you defend the future. The course is ANSI 17024 compliant and teaches the five phases of ethical hacking. The five phases include Reconnaissance, Gaining Access, Enumeration, Maintaining Access, and Covering your Tracks.

Course Objective:

On completion of CEH v10 Training in India and clearing the exam, you will be able to:

- Establish and govern the standards in ethical hacking measures.
- You meet or exceed the minimum set standards on cybersecurity.
- Reinforce ethical hacking as the unique and self-regulating profession

The Next Qualifying Exam is of EC-Council Certified Security Analyst [ECSA v10]

Course Outline

Apart from existing 18 modules, 2 new modules have been added. They are Vulnerability Analysis and IoT Hacking.

- Module 01: Introduction to Ethical Hacking
- Module 02: Footprinting and Reconnaissance
- Module 03: Scanning Networks
- Module 04: Enumeration
- Module 05: Vulnerability Analysis
- Module 06: System Hacking
- Module 07: Malware Threats
- Module 08: Sniffing
- Module 09: Social Engineering
- Module 10: Denial-of-Service
- Module 11: Session Hijacking
- Module 12: Evading IDS, Firewalls, and Honeypots
- Module 13: Hacking Web Servers

- Module 14: Hacking Web Applications
- Module 15: SQL Injection
- Module 16: Hacking Wireless Networks
- Module 17: Hacking Mobile Platforms
- Module 18: IoT Hacking
- Module 19: Cloud Computing
- Module 20: Cryptography

Who Should Attend

- Ethical Hackers
- System Administrators
- Network Administrators
- Network Engineers
- Web managers
- Auditors
- Security Professionals

Pre Requisite

Pre-requisite for CEHv10 Exam:

In order to be eligible to attempt EC-Council CEH, certification examination, the candidate may opt to:

Attend Official Training:

If a candidate has completed an official EC-Council training, the candidate is eligible to attempt the relevant EC-Council exam without going through the application process.

Attempt Exam without Official Training:

In order to be considered for the EC-Council CEH exam without attending official training, the candidate must have at least 2 years of work experience in the Information Security domain and remit a non-refundable eligibility application fee of USD 100.00 along with their application form.
